SUBJECT: ENVIRONMENT WEEK (Kindergarten)

Dear Parent,
Greetings from The Central School Dubai!

“Nurture the Nature for better future”

World Environment Day is celebrated on 5th June every year. As a part of Design-Thinking this year, the environment week will be having an Eco-Friendly learning approach at TCS starting from **5th June 2022 to 9th June 2022**. The 2022 World Environment Day campaign **#OnlyOneEarth** calls for collective, transformative action on a global scale to celebrate, protect and restore our planet. Here comes the opportunity for our students to put into practice the knowledge gained about Sustainable Development Goals.

Let us encourage our younger generation to nurture the nature by exploring their creativity on **How to Reduce, Reuse, Replace plastic** and spread awareness of protecting our environment. We all know how single- use plastic bags, straws and other items end up polluting our Earth and endanger the flora and fauna. So let's begin the change from our school, we wish to see in the world.

Below mentioned are the planned activities to commemorate the World Environment Day.
