E-NEWSLETTER

SEP - 2022

Words of inspiration by His Highness Sheikh Mohamed bin Zayed Al Nahyan, President of the United Arab Emirates and Ruler of Abu Dhabi was played to students during the assembly. Indeed, this inspiring message expressing his pride and urging children to 'dream big' is a true motivation to prepare our students for future.

Full speech:

"My children, Welcome back to the start of the new school year, and to all educators, teachers and workers in the education sector in the UAE. May it be a great start to a successful academic year.

My children, dreams and ambitions are an important part of life. Your schools will help

THANK YOU

You paved the path of
success.

TEACHERS.

Happy Teacher's Day

you nurture your dreams; they are the place where you can imagine what your futures will look like. I urge you to dream big and to never stop learning.

I urge you to excel, be determined, set goals, realize your am-

bitions, and never stop trying. Invest your time in things that would benefit you, your families and your communities.

To my brothers and sisters, the teachers and educators, I thank you for all your efforts; for being unwavering in your commitment to delivering this noble message every day. You are invaluable to us and to our entire

nation.

When we talk about education, we don't only mean your time in school. Education is a great pursuit that can only be accomplished with the efforts of families and parents, alongside our society and our countries' institutions, to help us achieve our goals and ambitions.

We are proud of you all. Proud of what you will become and what you will accomplish. May God bless you all."

Teacher's Day

Teacher's Day is observed every year in India on 5th September to commemorate the birth of former President of India, scholar, philosopher, and Bharat Ratna awardee, Dr.Sarvepalli Radhakrishnan. Teachers are known to nurture the minds of students, and no one can survive in this world without knowledge. They instill values and help everyone to become responsible citizens.

The Gen Z Hamster Cage

TCS Alumni and Student Senate proudly organized an interactive session by Mr. Sajinth Harikumar (Former Head boy and Public Figure) on 12th September 2022 for the students at school auditorium.

The session provided students with important insight—which is sometimes personal—into how to actually go about achieving the things they’re asking them to achieve. Not only this, but they also provided effective systems and examples or tried and tested methods achieving the end goal. The most common way through which this is done is through storytelling.

Onam Celebrations

According to the Malayalam calendar, Onam is celebrated in the month of Chingam. The festival spreads over 10 days and culminates with Thiruvonam. On Thiruvonam day, the people dress up in their best attire and participate in cultural entertainment. ONAM is one of the most auspicious festivals of the people in Kerala. It is celebrated with great zeal.

SCIENCE IS FUN!

Science encourages & teaches students how to discover & wonder about everything in the world around them. Dept. of Science celebrated Science Week with multiples of programmes and activities including SCIETECH Expo.

Why are Science Fairs Worth Participating in? While science fairs are an extensive process, they develop various skills such as critical thinking, problem-solving, time management, and communication applying the principles of the scientific method.

The main objectives of organising SCIETECH Expo were: promoting interest in Science and Technology among younger generation, encouraging scientific and technological creativity among students and inculcating a sense of pride in their talent.

TCS CHARITY DRIVE

Millions of people are affected and highly vulnerable to severe flood in Southern part of Asia. TCS students and parents under the coordination of wellbeing champions organized a Flood Relief Drive in association with Emirates Red Crescent and the Department of Islamic Affairs and Charitable Activities, Dubai. School received enormous support from its stake holders in the forms of cash and articles.

Mohammad Kamal Saeed, Director of Emirates Red Crescent along with his crew accepted the same from the school on 30th September 2022 at a

function. The delegates were impressed with the initiative of the school

and congratulated students, parents and coordinators for the extraordinary success of the drive.

ACCESS TO SCHOOL LIBRARY RESULTS IN MORE READING

A school library facilitates diverse life skills, thereby enhancing personal development in all students. It promotes curiosity, innovation, critical thinking and enhances writing skill through story\book review. It endorses de-

sirable study habits in students. A library is truly integral to the teaching and learning processes.

Drop Everything It's D.E.A.R Time!

It is said that everything you read fills your head with new bits of information, and you never know when it might come in handy. We encouraged students to read on topics that were of interest. That was our only guideline apart from them ensuring they could understand what they read. Students often reported learning something new each time they had DEAR time. These were not always what we could describe as big but it added to the body of knowledge they are developing over the year.

Inter school SUDOKU & Mathematics Quiz Competition

Inter school SUDOKU & Mathematics Quiz Competition was conducted on 10-09-2022 by the Department of Mathematics for the students of grade 4-12. Through this competition students can improve their problem-solving skills and at the same time, got a venue for interaction amongst students from other schools. Moreover, the event offered a challenging, engaging mathematical experience that is both competitive and educational.

There are four categories in SUDOKU and two categories in Mathematics QUIZ competition.

The competitors of the competition are below
