Below is the full speech of President His Highness Sheikh Mohamed bin Zayed Al Nahyan (source: Gulf news):

“My children, welcome back to the start of the new school year, and welcome to all educators, teachers and workers in the education sector in the UAE. May it be a great start to a successful academic year.

“My children, dreams and ambitions are an important part of life. Your schools will help you nurture your dreams. They are the place where you can imagine what your futures will look like. I urge you to dream big and never stop learning.

“I urge you to excel, be determined, set goals, realize your ambitions, and never stop trying. Invest your time in things that would benefit you, your families and your communities.

“My brothers and sisters, teachers and educators, I thank you for all your efforts; for being unwavering in your commitment to delivering this noble message every day. You are invaluable to us and to our entire nation.

“When we talk about education, we don't only mean your time in school. Education is a great pursuit that can only be accomplished with the efforts of families and parents, alongside our society and our countries' institutions, to help us achieve our goals and ambitions.

We are proud of you all. Proud of what you will become and what you will accomplish.

May God bless you all!”

Regards,

Syed Ali Haider Rizvi
