

NEWSLETTER

OCTOBER -2022

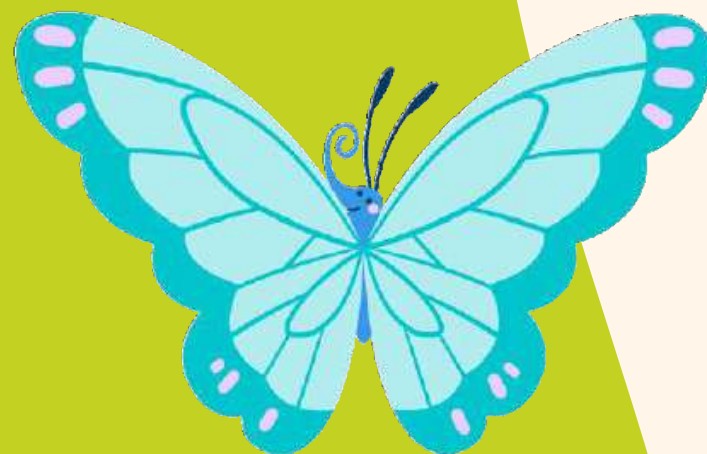

WELCOME!

Aim of education is primarily to inculcate the quality of inquisitiveness which encourages the children to break the mundane and bring the best out of them and make them ready to face challenges of the world.

We, at The Central School Dubai follow the principle "Explore, exercise and achieve". Therefore, we provide a platform to every child for experiential learning, group exploration and building projects with the use of available resources to achieve their individual goals. Our teachers do an excellent job of communicating information regarding our programs.

OUR MOTTO

Virtue Is the Strongest shield.

VISION

Providing Our Best in
Education, For As Many As
We Can

MISSION

Holistic Education in an
Environment Most Congenial
and Innovating, Where Virtue
Is the Strongest shield.

FROM THE DESK OF HOS

MS. SUPREET KAUR
HEAD OF SECTION

Dear Parents,

With the weather getting better by the day, October has been a quiet yet eventful month of a great many concepts and learning!

With every passing day, we are all the more confident about our adherence to the safety procedures and expectations as stated by the regulatory authorities. Regular visits KHDA authorities have given further confirmation of the same. Our practices have been stringent and every rule followed and reiterated in different ways.

October is a month full of festive activities! Must say, it was very refreshing and satisfying indeed. We have always strived to bring a novelty and some spark in our daily activities and prep up our lessons. This month our kindergartners were engaged in activities that motivate them towards healthy eating, taking care of the environment, performing hands-on experiments and going for nature walks. I would also like to thank our parents who volunteered for Fruit fiesta in KG1 and Flaunt your learning day. Life is one exciting adventure here at TCS Kindergarten! What say? Wishing you and your family a safe and memorable festive season ahead!

Stay healthy!

Keep Reading!

FROM THE DESK OF SENIOR INSTRUCTOR

MS. TANVEER SULTANA

KG - SENIOR INSTRUCTOR

Dear parents,

We have gotten off to a very good phase of our journey. Now our little champs are set with all the classroom rules and routine. Our classroom has several centers that can access each day for reinforcement of the topic and getting mastery in each of the topics taught.

Our little ones continue to excel and we are so proud of them.

We also believe in developing their personal, social, emotional skills too.

We are the role models for our kids let's teach them positive traits by caring, being kind, by expressing gratitude, sharing forgiveness and helping others in need .

With daily opportunities and encouragement we can build these values.

When families create a supportive learning environment at home, children are more successful in the classroom.

It's rightly said the success in school begins at home.

I am confident that you as a partner in our endeavour will support us through unstinted cooperation.

Thank you

FRUIT FIESTA WITH MOTHERS

LET'S GO HEALTHY WITH OUR MUMMY!!!

A DREAM CAME TRUE FOR OUR MASTER CHEF'S, AS THEY ENJOYED THEIR "FRUIT FIESTA"

The objective of the event was to create awareness among children about the importance of consumption of fruits in regular diets. The young masters of TCS celebrated FRUIT FIESTA. Our little kiddos with great zest and enthusiasm enjoyed the moments of joy and happiness in the company of their mates, mothers & teachers.

FRUIT FIESTA WITH MOTHERS

GARDENING ACTIVITY

Gardening is a healthy, fun activity for children, they develop new skills and learn more about science and nature from growing their own food. In our TCS, we encouraged our tiny tots with variety of interesting activities such as planting, mulching, weeding. The little gardeners of TCS made the garden to be an interactive playground they engaged with all of their senses.

QURAN RECITATION COMPETITION

The Holy Quran is a complete guide for all the Muslims and is a blessing for the entire creation of the world. The competitions are organized annually where the participants are evaluated with the correct use of Tajweed. The competition aims to instill religious values in children. Our tiny tots recited very well and surprised us.

*QURAN RECITATION COMPETITION

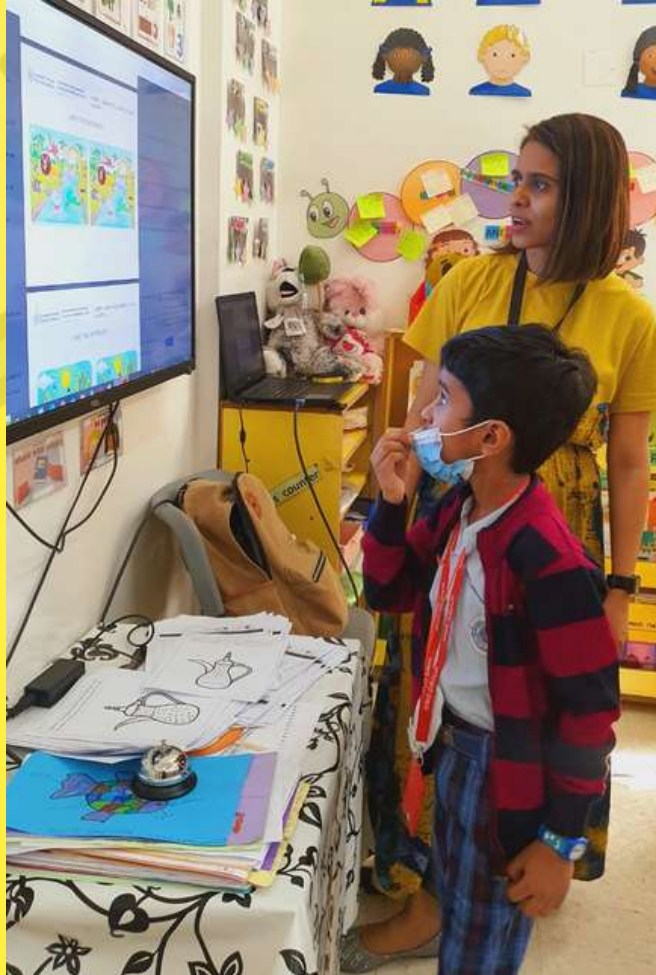

KG FLAUNT YOUR LEARNING

Prioritizing communication with families helps educators to foster strong parent engagement, break down barriers, and provide support for all students. We at TCS, invited parents to witness the teaching and learning best practices where all students demonstrated independence and ownership of their learning in connection with 21st century teaching skills.

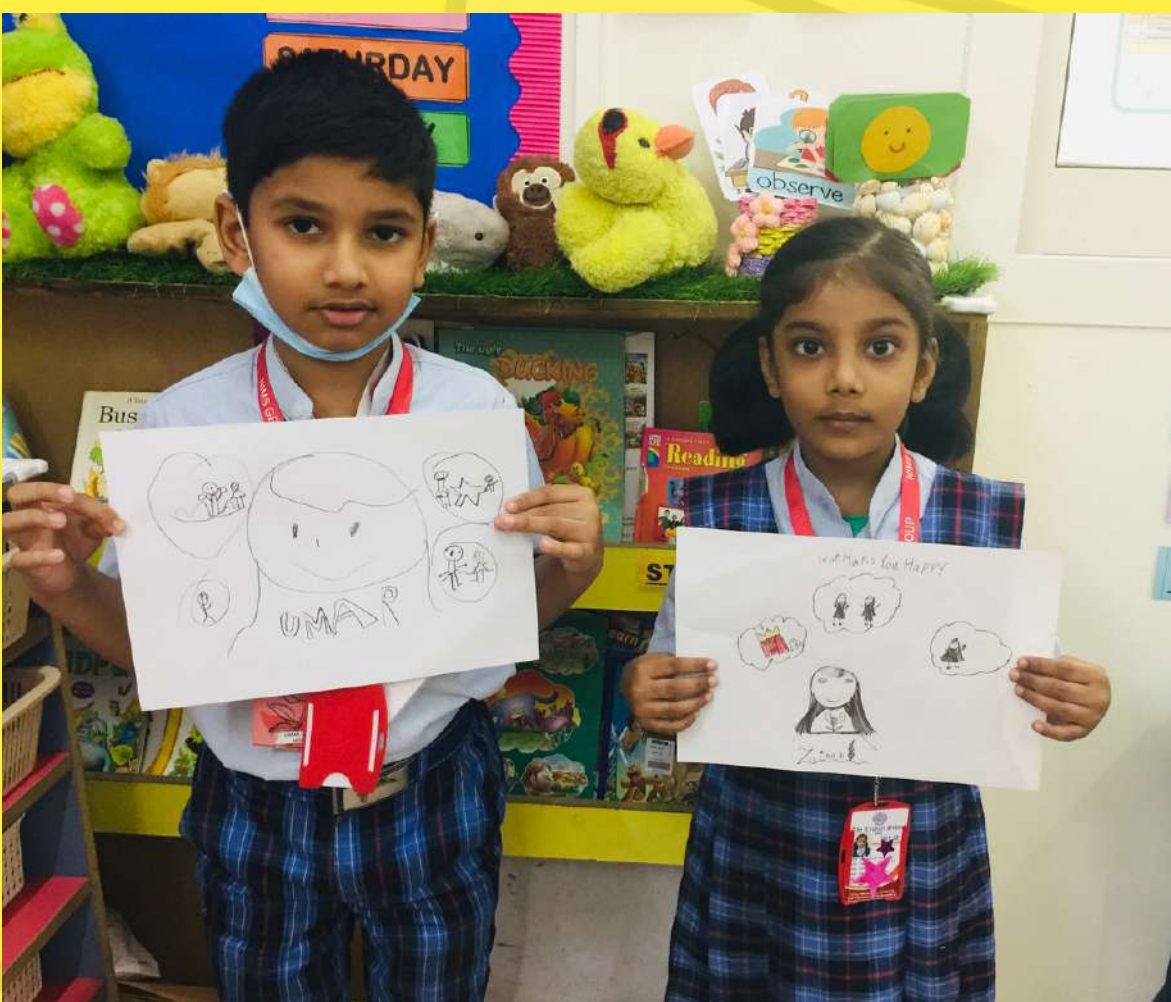

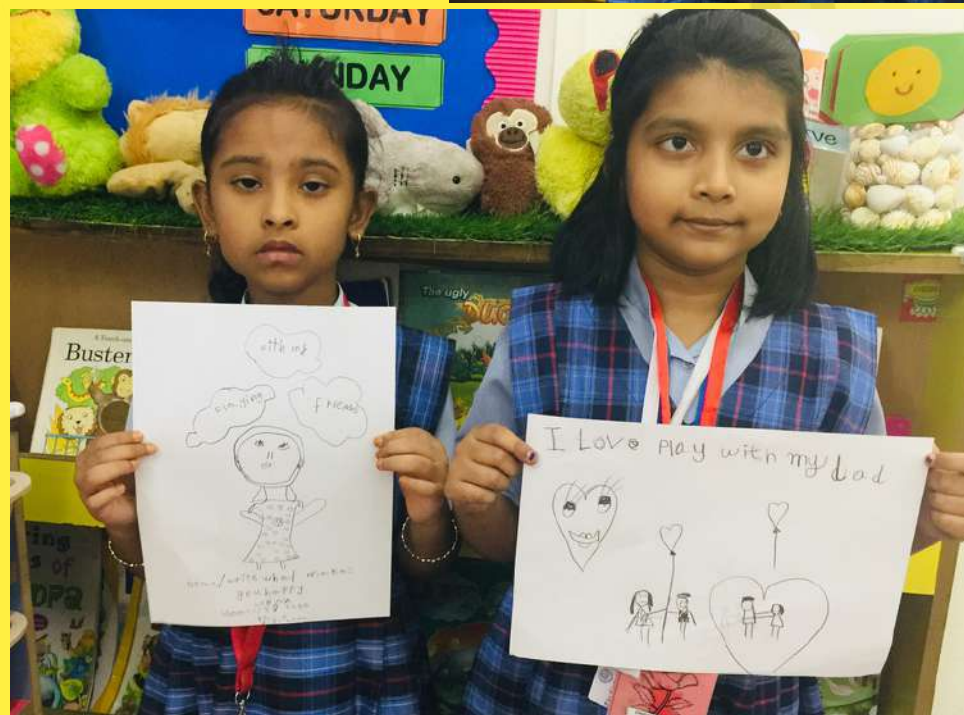

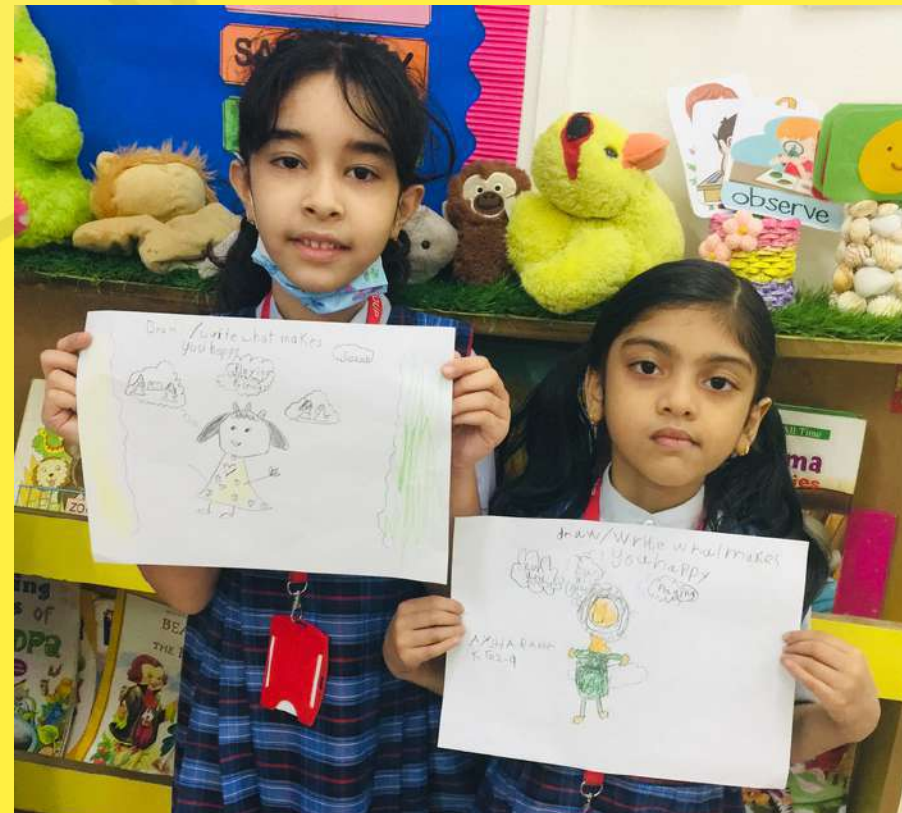

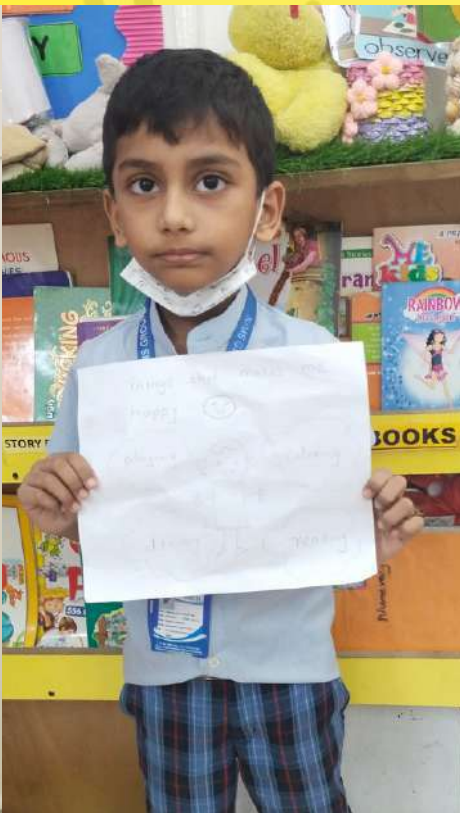

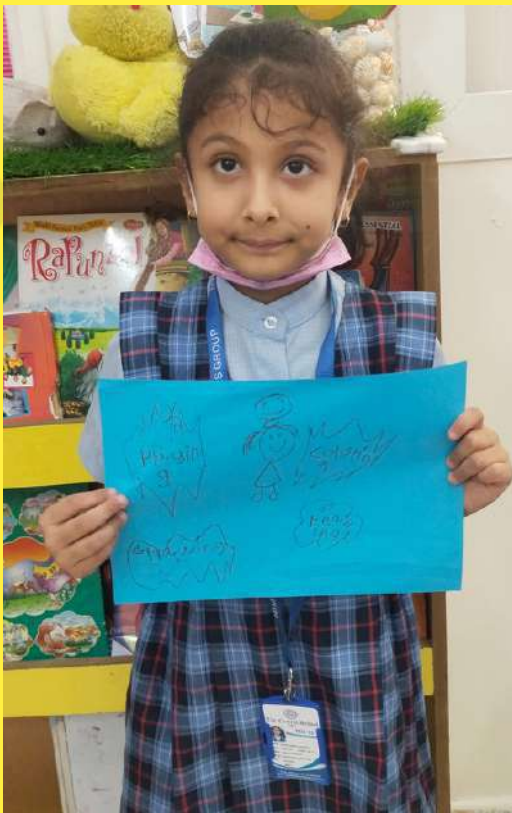

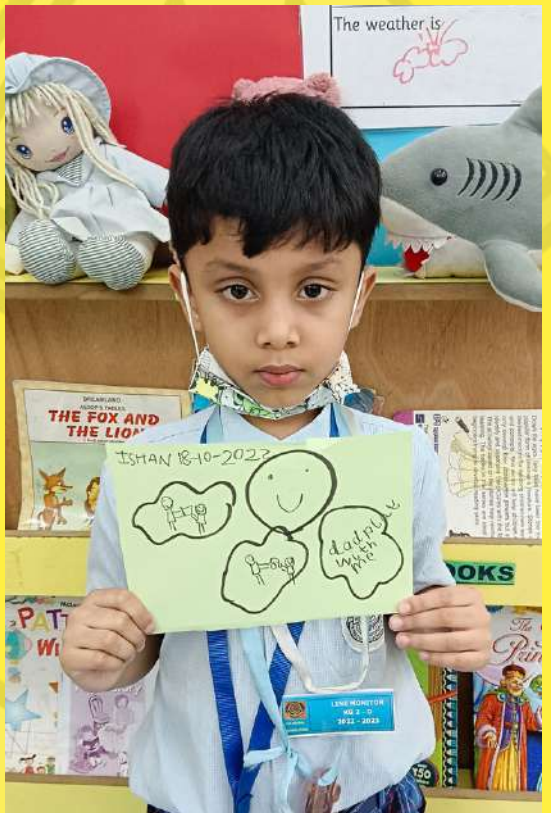

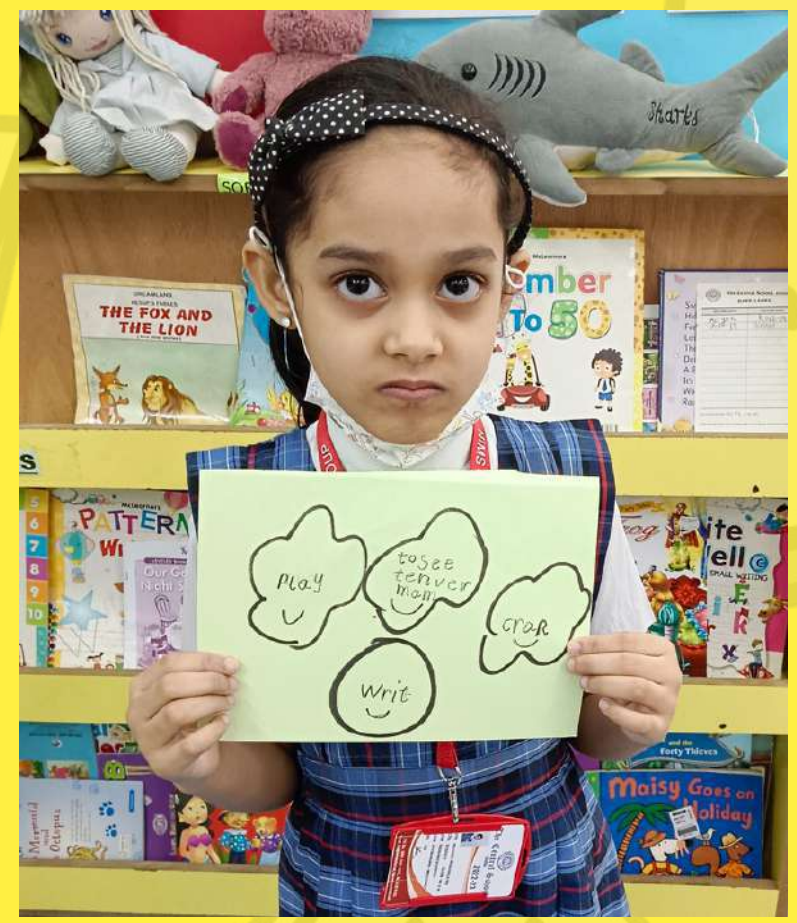

UNDERSTANDING INTELLIGENCE IN YOUNG CHILDREN

Understanding an individual's overall ability level is important in understanding how they can and will function in an academic setting and helps parents and teachers to understand their capabilities with regard to academics and life in general. Your child's brain is like a sponge ready to soak up everything it comes across. We at TCS, provided age appropriate activities which helped in stimulating students' mind and developed skills.

WELL-BEING

Well-being of students is our utmost priority in Kindergarten. School is the happiest place to be. We at TCS, had so many activities filled with fun. Our little ones had a chance to explore art, thinking and imagination which helped children with the development of motor skills, language skills, social skills, decision-making, risk-taking, and inventiveness.

DIWALI CELEBRATION

TCS Kindergarteners celebrated the auspicious day Diwali with family and friends by decorating homes with candles and lamps, observing religious rituals, exchanging gifts and wishes to one another and bursting of firecrackers.

PARENT TEACHERS MEETING

Parent-teacher meetings are a great way for parents and teachers to bond and cooperate with the sole intention of bettering the children.

Our enthusiastic parents and teachers discussed the progress of students and found ways to guide our future leaders during the parent teachers meet.
