CIRCULAR

VALUE OF THE MONTH: UNITY IN DIVERSITY - الوحدة في التنوع
SUBJECT: MOBILE ADDICTION ON STUDENTS

Dear Parent,
Greetings from The Central School Dubai!

#WAKEUPWEDNESDAY

- ☛ Is your child following your instructions?
- ☛ Do you monitor your child's study time and fun time?
- ☛ Do you monitor your child's internet usage?
- ☛ Do you monitor your child's screen time?

Here are the findings from school regarding the effect of smart phone usage on students

- As you would agree, addiction to phone and social media is a major cause of distraction from academics and at school we expect students to be devoid of any.
- It has been noticed that students are bringing mobile phones to school without authorization.
- At school our first priority is academics and we seek your whole hearted cooperation to help our students to remain focused.
- Please check at your end that your ward is not carrying a mobile phone to school.

Expectation from Parents

- If it is an unavoidable requirement for safety reasons, do send an e-mail to the Class Teacher and the Supervisor with reasons to permit your ward to carry a phone. Smart phones will not be entertained at any cost.
- The device then should be properly labelled and deposited in the Supervisor's office before the classes begin and collected back at the end of the day.
- Any mobiles brought to school without prior approval shall be confiscated.

We expect whole-hearted support from our parents in this matter.

Regards,

Syed Ali Haider Rizvi
