## PRIMARY 2023

Value of the month:

# Perseverance

## **A message from the HOS and Team**

**None can achieve success in the world without perseverance. Hence it is essentially essential in worldly life. There is hardly any sector or sphere in life where perseverance does not play a significant role. All the beautiful, useful and beneficial things have been gained by virtue of it. So it is a key to success in the advancement of human civilization. Man's life on earth is not a bed of roses. There are dangers at every step. Man can overcome these obstructions and difficulties through perseverance. They are not afraid of challenges and they ignore distractions.**

**As described in the Quran perseverance is one of the characteristics of those who are pious and God conscious.**

# STAR TEACHER OF THE MONTH

**Ms. Sayana Shamal**

Teaching is one of the noblest professions any one can opt for ,and those who do it are called Teachers. I feel extremely happy and proud to be a part of Tcs. I have learned many strategies and methods that will help me grow as a teacher and in return benefit my students. I'm grateful to Tcs for pushing me to attain my full potential and for encouraging me to think creatively.

# STAR TEACHER OF THE MONTH

**Ms.Sulthana Mariyam**

It is a wonderful experience at TCS to teach as well as learn new things during the course of a school year. The school life is really enjoyable to me. The most amazing part of TCS is the awesome leaders whom we follow, and all the teachers who always stand as a strong support. I love my school and enjoy going there every day to meet my students to teach them and learn new things.
