A MESSAGE FROM THE HOS & TEAM

The phrase "Unity in Diversity" refers to harmony and peace. It is employed among various groups to ensure that tolerance is uniform. Caste, creed, race, and nationality are all examples of diversity. Physical, cultural, linguistic, and political differences are also included in unity in diversity.

It educates all humans and living beings to unify and find methods to bond with one another despite their differences. This will create an environment in which individuals can coexist harmoniously.

STAR TEACHER OF THE MONTH

Ms. Anju

I'm Anju C. hailing from Kerala, India. After completing my post graduation in 2020, I came to Dubai. In 2021, I joined The Central School and it has been a part of my life since then. I enjoy every moment here.

STAR TEACHER OF THE MONTH

Ms. Sultana Mariyam

My primary reason why I have decided to pursue this profession is, I feel the strong desire to positively influence and educate children. Working in The Central School, Dubai for past so many years has been a wonderful journey for me. TCS is the first school for me in Dubai where I got the opportunity as an English Teacher. I am very thankful to my leaders at TCS for appreciating and guiding me in my work. I am grateful to them and my colleagues for the support rendered to me all the times. I am proud to be a part of TCS team.
