## PRIMARY SEPTEMBER-2024

### A MESSAGE FROM THE HOS & TEAM

As we embark on a new month after returning back from an enjoyable and refreshing summer break, meeting with our family and friends, making memories, enjoying the weather, scenic beauty of the countryside, relishing the local cuisine and wishing that the next break would soon arrive.

Amidst all this, I want to take a moment to highlight the important value of responsibility. In our school community, responsibility is not just about meeting obligations, it's about understanding the impact of our actions and choices on ourselves and others.

Encouraging our students to take responsibility fosters independence and growth. Whether it's completing homework on time, caring for classroom materials, or showing consideration for classmates, each act of responsibility contributes to a positive learning environment. I encourage parents to engage in conversations at home about what it means to be responsible, allowing our children to reflect on their actions and decisions. This month, we will be focusing on ways to practice responsibility in all areas of school life. Together, let's inspire our students to embrace their roles, be accountable for their actions, and support each other in our collective journey. Thank you for your ongoing support in nurturing this essential value within our school community.

With every sincere wish.  
Ms. Samina Khan  
Head of Primary Section

# STAR TEACHER OF THE MONTH-FN

My overwhelming desire to uplift, inspire, and have a positive, lifelong learning-promoting influence on my kids is the main reason I selected this line of work. I am aware that this line of work requires sensitivity, understanding, patience, and compassion. My two years of employment at The Central School, Dubai, have been an amazing experience. The first school I worked as an English teacher at was TCS. I am incredibly grateful to my TCS leaders for their encouragement and direction in my career. They and my co-workers have my gratitude for their unwavering support throughout the years. I want to use my knowledge and abilities to advance and become a motivating teacher.

**-Ms. Zuweria Khan**

# STAR TEACHER OF THE MONTH-AN

In The Central School, Dubai, as a Mathematics teacher, I am committed to create a positive, inclusive learning environment for all my students. In this school, I have a strong understanding of how to meet the diverse student needs to encourage the love for learning.

In my classroom, I believe that each student has unique potential, and I guide them by that way to achieve their academic journey with patience, encouragement, and support. I prioritize critical thinking, creativity by using a variety of teaching methods.

Especially I value the importance of building strong relationships with students, parents, and colleagues. I believe that a collaborative approach, open communication, and a supportive TCS community are most essential to student success. My ultimate goal as a teacher is to inspire and make student to be curious about lifelong learning in this society.

**-Ms. Divya Nagarajan**

**HAVE A  
BLESSED MONTH  
AHEAD !!**
